Study Problems. During lecture practice problems will be given from each chapter of the text. These problems will *not be graded* but it is recommended that you do them order to prepare for the exams. These problems will be indicative of the type of questions on the exams. The answers to some of these questions are at the end of the text starting on page A-24. If the answer is not in this section then it will be in the “Study Guide and Solutions Manual” which will be on reserve in the library.

Miscellaneous:

In-class group assignments. At various times during the quarter you will break down into groups of 2,3 or 4 to work on an assignment during class time. At the end of the class period your group will turn in the assignment and it will be graded. All students in the group will receive the same grade. We will not have set dates for these assignments but they will be given at times that correspond with the pace of the lecture. Answer keys to these assignments (as well as the exams) will be posted on the class website.

If you miss an In-Class group assignment you will have to complete it on your own on return it to me 24 hours after you receive it.

Course attendance. I will not take roll during the quarter but you are responsible to obtains notes from a fellow student if you miss a lecture.

You cannot miss an exam. If you have extenuating circumstances that prevent you from taking an exam at the assign time, please let me know as soon as possible of your situation.
