

REPORT GUIDE **Report Due:** Checkout day

This will not be a formal report.

Name_____

1. Draw the structure of your Dye:

2. Give your Paint color a Name_____

3. In the space below place a dab of your paint

4. On a separate piece of paper attach the recipe of your paint—include all ingredients and the approximate %/ volume/weight of each component added. Make this in a form of a recipe that a chem. 252 student could use to reproduce your paint.

Extra credit (1-5 pts) Attach a painting using your paint and fellow classmates paints.
